No. 33.

THE POSITION OF THE BOARD

In Regard to Proposed Changes in
the Organization of the
Hospital

LETTER FROM MR. MACKENZIE

Absolutely no Desire to Force Legislation
Through Without the Most Thorough
Discussion

Mr. K. W. Mackenzie, vice-president
of the City Hospital, writes as follows
to the Capital:

It would appear from reading
"Watchman's" letter in this morning's
Journal (which letter also appears in
the Evening Bulletin over the signature
of S. W. Candy), that a false
impression on some points in connection
with the Hospital Board and its
attitude towards that institution and
towards the public has gained a foothold
in the minds of some of our
citizens, and in the absence of the
president of the Board, I feel it
impossible upon me to make a statement
in this connection in the hope of removing
whatever suspicion or alarm
may exist in the public mind.

It is true that the board intended
to ask the legislature for an amendment
on one or two minor points of the
constitution of the City Hospital.
This was first introduced at a meeting
of the board by a notice of motion
to change the mode of electing the
members of the board so that one
third of the board would retire each
year, and some other changes which
might be deemed necessary, such as a
change in the name of the hospital.
These proposed changes were to be
submitted to the annual meeting for
their consideration and final action.
There was absolutely no desire or
intention on the part of the board to
force any legislation through without
first giving the public an opportunity
to express their wishes in the matter.

Board Would Not Object.

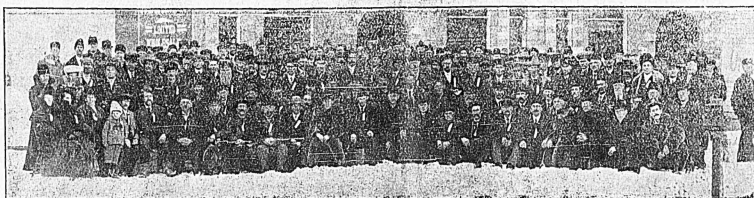

If there is a desire on the part of
some to hand over the control and
management of the hospital to the
city, the public may rest assured that
there is no member of the board who
would ever desire to prevent the full
discussion on this important question,
and if in the opinion of the meeting
on Monday it is thought advisable to
appoint a commission to investigate
the whole matter and furnish a
report, there could be no possible ground
for objection. It must be remembered
that at the annual meeting of the
City Hospital, as at all other meetings
of a similar nature, the majority rules.
"Watchman" is probably correct in
stating that the provincial government
have in view some new legislation in
connection with hospital management
and the hospital board. It is to be hoped
that his statement is correct, for it is well
known that the present act stands in
need of several radical changes, but
it is scarcely likely or possible that
even the provincial government could
take control of our hospital without
first consulting us. This being the
case, therefore, it would appear that
"Watchman" need feel no alarm over
the "devil or the deep sea."

The Membership Fee.

There is a clause in the present
constitution which provides that only
members in good standing, i.e., such
as have contributed their annual fee,
are qualified to vote at the annual
meeting. This rule has not been
enforced in the past, but the question
as to the advisability of collecting
as many of these fees as possible was
raised at a meeting of the board some
weeks ago, and it was decided that
this should be done, not with a view
to shutting out any person from
voting, but as a means of increasing the
revenue. I may add that the fact
that such a course might be con-
sidered at the time as a reason why the
rule should not be enforced, and I
wish to state positively that it is not
the intention of the board to enforce
this rule unless the meeting expresses
itself in favor of doing so. Should
the meeting decide not to enforce this
rule, it is true that some shall have
paid the fee of \$5 or more for the
right to vote, but surely no person
who has the interests of this institu-

(Continued on Page Eight)

A GREAT GATHERING OF FARMERS

The delegates to the annual convention of the United Farmers of Alberta held in the Mechanics Hall, Edmonton, which was concluded yesterday. Seated in the front row are Premier Rutherford and Hon. Duncen Marshall, Minister of Agriculture.

UNIONISTS MANY GAINS

English Counties Continue to Go Very
Strongly Against the Govern-
ment

NET ADVANTAGE FIFTEEN

In the Seats Polled Yesterday and Heard
From—Two Hundred More Re-
turns to Come

London, Jan. 22.—From returns
received up to a late hour, the status of
the various parties in the general elec-
tions in progress are:
Unionists, 184; Liberals, 159; National-
ists, 88; Laborites, 32. Gains:
Unionists 8; Liberals 10; Laborites 1.
From the returns announced the
Unionists gained to seats and the Lib-
erals none. Hon. Reginald McKenna,
first Lord of the Admiralty, was re-
elected victorious over E. G. M.
Michael, Unionist, for Abergevy.
Mommouthshire; and Wm. Abraham,
Laborite, was re-elected for Rhend-
ra Valley by the enormous majority
of 865.

A Large Turnover.

London, Jan. 22.—The results of
yesterday's balloting for members of
parliament, thus far available, show
that the Unionist tide flowed even
stronger than on the two previous
days. Thirty-eight constituencies out
of fifty-six gave the Unionists twenty-
seven seats; Liberals ten, National-
ists one. The Unionist gain was 17
and the Liberal gain 2. The state of
the parties as known at 1.30 this after-
noon was: Government coalition, Lib-
eral 32; Opposition, Unionists, 212.
Out of the 56 seats results for which
are being announced today, the Lib-
erals in the last parliament held 37
and Unionists only 15. Accordingly
the opinion that these English con-
stituencies favor the Tories, as shown by
the turnover of seats, appears pro-
nounced enough. Turnovers of from
three thousand to four thousand votes
from the Liberals to the Unionists
are common. Henry Chaplin, who
was regarded as the arch-pretender of
reform, before Mr. Chamberlain
took the field, was re-elected for a
division of Surrey by over five thou-
sand, two hundred majority. This is
not so great as his previous majority,
but Mr. Chaplin's opponent in 1907
was a woman suffragist who was un-
able to poll a great part of the Lib-
eral vote. The tariff reformers also
made a substantial inroad upon the
heretofore solid free trade ranks of
Yorkshire. Three Yorkshire seats
have been placed to the credit of the
Unionists today and the Liberals were
held formerly by the Liberals.

Mr. Broderick Recovers Slowly.

Ottawa, Jan. 22.—Hon. L. P. Bro-
derick is making slow progress in the
direction of recovery, but is not likely
to be in condition to take his place
in the House for another two weeks.

The streets are full of well dressed
men who bought their clothing at
Kelly and Moore's.

Eyeglasses properly fitted. Jack-
son Bros.

TWO COACHES PLUNGED INTO THE RIVER

Serious Loss of Life in Wreck on the Sudbury-Soo Line
of the Canadian Pacific

EXACT EXTENT NOT YET KNOWN

The Conductor of the Train Acted Most Heroically—A Second-Class Car
Containing Twenty Passengers, Took Fire and Many
Them are Missing

North Bay, Jan. 22.—Just how seri-
ous the loss of life is in the wreck
which took place yesterday afternoon
at Spanish River on the Sudbury-Soo
branch of the C.P.R., has not yet
been made clear. It is feared that the
dead are in excess of twenty, but up
to the present the known victims are
Will Lavery, North Bay; John Keas-
lick, North Bay, and George McEl-
henry, a Catholic priest, whose name
is not known, and Mrs. Houde of
Saint Ste. Marie, who died in the hos-
pital.

Among those missing at R. Robert-
son, D. A. Munday, Montreal; Clara
Tees of Cochrane, Ont.; P. Kenahan
and grandchild of Bruce Mines.
Engineer Telford and the train crew
with the exception of Conductor Reyn-
olds, escaped injury.
The list of injured is as follows: Con-
ductor Reynolds, North Bay, head
and legs, not serious. Thos. P. Harris,
St. Paul, hands and head, slightly.
Mrs. G. P. Dyer, Boissevain, Man.,
internally injured, serious. Mike Mc-
Donald, N.D., slightly. L. McDon-
ald, Minneapolis, scalded body. E.
Manfield, Montreal, injured inter-
nally, serious. D. M. Brodie, police
magistrate, Sudbury, ribs fractured.
Sam Bullard, St. Paul, scalded. A. O.
Olesman, Norway, head, slightly. J.
Bell, Sudbury, manager Spanish River
Pulp and Paper Co., injured head and
chest. Joe Doelchuk, Gyrinver, Mich-
igan, shoulder injured. J. H. Wade,
Sudbury, abdominal injuries. R. Rus-
sell, Hamilton, cut head and arms.

A broken rail is believed to have
been responsible. The train was pro-
ceeding at a fair rate of speed, when
the diner, in which there were four-
teen passengers, and a first-class car,
in which there were 25, were plunged
from the steel bridge crossing the

of this fifteen miles of proposed
line.

MAY GO WEST FROM ST. ALBERT

Rumors in Connection With the Cana-
dian Northern's Main Line
Line

The course that the C.N.R. will
take in the projection of the main
line west of Edmonton is something
that President Wm. McKenna refused
to divulge, while in the city on Thurs-
day. He said that fifteen miles of the
right of way west of Stony plain was
already graded and let his interviewer
to infer that this was where the ex-
tension of the C.N.R. would lie.

As a matter of fact, so the Capital
learns, this fifteen miles of C.N.R.
grade is crossed about six times by
the main line of the G.T.P. Under
such circumstances it is difficult to see
how any practical use can be made

STEEL AT THE MCLEOD RIVER

Track-laying Gang Completes Work
on G.T.P. to that Point on Line

It is expected by this afternoon that
the first G.T.P. engine will reach the
McLeod River, 120 miles west of Ed-
monton. For several weeks the track
laying gang has been at work pushing
the line westward from the Pembina
river, where construction was stopped
last fall awaiting the completion of the
big steel bridge. The bridge was
completed about the first of the year
and the steel head has been advancing
with all possible speed since that
time.

Since the 21st of December a tri-
weekly service has been in operation
to Entwistle, but now with the line
completed to McLeod River, it will be
possible to operate a service to
that point. But of chief importance
will be the freight service. Supplies
for the construction camps of Foley,
Welsh and Stewart west from the Mc-
Leod will now be easily forwarded and
the complaint that work is retarded by
the construction camps being too far
in advance of the steel head will be
removed. Material for the bridge
construction across Wolf Creek and
McLeod will also be forwarded to the
May Sharp Construction Co., which
firm holds the contract for the sub-
structures.

LOOKING TO PEACE RIVER

A Big Expedition to that Country
About to be Launched in Edmonton

A public meeting will be held in the
German Hall on Monday evening at
eight o'clock for the purpose of
launching from this city a big expedi-
tion to the Grande Prairie country.
The plan is to bring together all the
prospective settlers bound for the new
land of promise, and to lead them
via Entwistle and the forks of the
Athabasca and McLeod rivers, to
which point a fairly good road can
now be found. It is thought that there
will be well on to 300 people in the
party. There are several ways of mak-
ing the journey, but the majority will
probably go from Edmonton to Ent-
wistle by rail and from there make
the trip of 200 miles to the new coun-
try overland.

J. A. MacDougall, M.P.P., will pre-
side at meeting and ways and means
will be discussed for opening up a
route to the Grande Prairie country.
There has come to The Capital office
a copy of the Peace River Pilot, a
paper which is being temporarily lo-
cated at Entwistle. It is the intention
to carry the pilot along with the trek-
ing party and publish periodically as
the advance is made. The paper will
ultimately become the pioneer publica-
tion of the Peace River country.

A Last Blow-Out.

Vancouver, B.C., Jan. 22.—J. Kello-
way, an aged ward of the city, who
came to British Columbia fifty years
ago, went out yesterday and secretly
obtained a large supply of whiskey
with which he regaled his friends in
the old men's home. Today Kello-
way committed suicide by cutting his
throat.

CHILD LIVED TWO HOURS

After the Death of its Mother, a
Daughter of the Late Senator
Fulford

THE EFFECT OF ITS DOING SO

Is That the Father Succeeds to One Third
of the Whole of a Great Estate

Toronto, Jan. 22.—By his infant son
surviving its mother by two hours,
Chas. McLean, of Brockville, becomes
entitled to a third of the estate of the
late Senator Fulford. Mrs. Mc-
Lean, who died about a fortnight ago,
was the daughter of the late Senator
Fulford. Under his will his daugh-
ter's issue by marriage were to suc-
ceed to one-third of the estate. Mrs.
McLean about two weeks ago under-
went an operation for appendicitis
which was followed by the birth of a
child. She died at its birth and the
little one only lived two hours after
the mother's death. On the death of
the mother the little mite of humanity
succeeded to her wealth. Its death
two hours later left the father the
heir.

A LEADING TORONTONIAN

Death of Randolph Macdonald—Promi-
nent in Railway and Financial
Circles

Toronto, Jan. 22.—Randolph Mac-
donald, the well-known railway con-
tractor, died yesterday from acute in-
digestion and heart weakness. He was
one of the organizers of the Sover-
eign Bank and was interested in the
formation of the Crown Life Insurance
Co. He leaves a widow, four
sons and one daughter.

A Horrible Fatality.

Hallifax, N.S., Jan. 22.—News of
a shocking accident comes from Mead-
owdale, Pictou county. The five-year-
old daughter of Mr. and Mrs. Good-
will Clark of that place was playing
nearby while her grandfather was
chopping wood. When he was in the
act of bringing the axe down the lit-
tle one suddenly ran beneath it, re-
ceiving the full force of the blow on
the neck, nearly severing the head
from the body. Death was instan-
aneous.

HOCKEY IN OLD NEW YORK

The Article Put up at St. Nicholas Rink Proves Beneficial to the Emergency Hospitals

Well-intentioned persons who are bowing at the horrors of American Rugby should turn their attention to the game of hockey as it is at present exemplified in little old New York, after which they would probably declare the fall sport as mild children's pastime. For what teams lack in speed down there they make up in plain butcher work, which not only pleases, but delights large audiences that gather at the official rink, where scheduled bouts are played. During a recent championship game between Wanderers and St. Nicholas, a player coming down with the puck, was the recipient of a murderous smash, completely splitting his eye, while hardly had the game proceeded ere two players collided, the one representing St. Nicholas being carried off the ice in blissful unconsciousness.

They are playing the Canadian game in New York as one might expect to see in the days when Montreal Wanderers and Ottawa came together. The dressing room turned into hospital wards, and an occasional armistice declared to pick up the dead and wounded. New Yorkers, by the way, naturally think it queer that fast teams from Canada should visit the metropolis, and upon nearly every occasion suffer defeat, but this is easily explained, however. For if Montreal and Ottawa, for instance, sent teams that continually brought home the bacon, there would be time to be a decided falling off in the invitations to attend these fraternal meetings on St. Nicholas ice.

OLYMPICS DEFEAT STRATHCONA

Local Bowlers Win Two Out of Three—Olympics Rolled Large Score of 1094 in Their Second Game

On January 19th teams from the Olympics and Strathcona clashed. Olympics took two out of three. In the second game they bowled the excellent score of 1094, Miller with 223 and Moon 220, being high.

The tenized scores were:

Olympics	1st	2nd	3rd
Berran	117	147	192
Naraway	112	134	177
Hern	161	159	136
Carmichael	158	177	140
Miller	146	223	202
Moon	137	220	145
Totals	849	1094	954

Strathcona	1st	2nd	3rd
Walters	128	133	125
Seward	123	154	134
Jacobs	179	142	107
Reynolds	122	111	121
Baxter	173	155	132
A. R. C.	136	171	135
Totals	871	866	850

"WHEN DREAMS COME TRUE"

What an Ottawa Paper Said Before the Recent Series—What Will They Say Now

It's a pretty safe prediction regarding the fact that the same thing was said of other teams who turned out to be farces, that they will be shown on Thursday night when the Ottawa and Edmonton meet at the Arena in the first of Edmonton's two chances to "lift" the Stanley Cup.

Although the "Suisses" are travelling at a terrific pace at present the Edmonton seven is going to put up a hard fight for the cup, and from the strength the western team has shown at practice since they have been in town the cup will not be out of danger until the final whistle blows on Thursday night. If the Ottawas weaken a bit from the strength they displayed on Saturday it will mean that the cup will travel west "to the town that was born lucky," otherwise "the trap-door to H—". On the other hand, if the "Chipmunks" perform up to expectations, the cup will stay here. That is the situation in a nutshell.—Ottawa Journal.

ROBERTS, THE BOY WONDER

If he keeps up Present Gait Will Prove the Sensation of Hockey for 1910

Ottawa was without the services of Albert Kerr, their star wing in the Shamrock game. His place was taken by Gordie Roberts, the 18 year old forward of the Ottawa 11's, who played such a sterling game against all Montreal last Thursday. Roberts checked Joe Hall and more than held his own with the "bad man" Hall, who played with the Wanderers last week, had the chagrin of being slammed to the boards and having the puck taken away from him by his juvenile cover. Roberts, however, is no weakling, despite his years, and is probably the heaviest man on the Ottawa team. With a little more speed he would be a second edition of Albert Kerr. He is a perfect stick handler, plays the boards well and comes in on the defence like a bullet.

Joe Hall, familiarly known as Roberts' bad man, was inclined to leave a little up to his reputation Saturday. He was the end of his stick quite frequently and rammed Freddie Lake once or twice. He attempted to get at young Roberts, but the kid appeared tougher than the sick and the assault never fazed on him. Stuart got to Hall very hard behind the Ottawa net in the second half, but was caught red-handed and chased to the side.

Roberts' reputation did not suffer in the Ottawa-Edmonton series. He proved to be one of the best men on the "Suisses" team.

You are in luck if you need new clothes now. See Mac.

A HOODOO FOR LIL' ARTHUR

Telephone Company Puts Indian Sign on the "Smoke"—Is 13 an Unlucky Number

If there is anything in the superstition of the black race, Jack Johnson will not win his fight with Jeffries, and some one connected with the Chicago Telephone Co. will be responsible.

According to the champions' friends the company is doing its best to put the double hoodoo on him by giving him "Douglas 1313" for a telephone number at his Walsh avenue residence. According to an employee of the telephone Co. Jack objected to the number, but was turned down.

He endeavored to find out who was responsible for numbering his new phone, and promised, if he found out, to change the topography of that employee's map. He was refused the information and told to keep that telephone number or do without one. At the Johnson residence it was said Jack had come to like the number and would not swap now if he could.—Chicago Tribune.

WHY BASEBALL IS POPULAR

By M. F. Foley

In every man's blood there's still a strain Of primal, savage blood. Though teachers' lives are spent to train We live not as we should.

We often read of men amuck Who murder by the score; Oh, how we long their links to pluck And trample in their gore.

We lose our tempers now and then And commit atrocities, Which, done at other times, we ken, Would cause our blood to freeze.

No wonder, then, we have a game Where we rob and steal and kill, And, smaller wonder, think of the strain, That game is growing still.

Go, how we yell in savage glee When good old Jones "robs" Brown. (Now Brown's long hit looked good for three, But Jonesy pulled it down.)

Again our cheer's around us roam Because our Harry "steals" Brown. (He hit for two, stole third and home Amid our joyous yells.)

And loud and long we yell again, And loud and long we yell again, And thus our homage pay To Jonesy, who has "killed" two men (In a speedy double play).

So let us humbly show the blame Why baseball's growing still, On account of the strain we love the game Where we "rob" and "steal" and "kill."

JOHNSON HOOTED OFF STAGE

Crowd Shows Disapproval of a Boxing Exhibition he Puts on

New York, Jan. 18.—Jack Johnson boxed several rounds at the Eighth Avenue Theatre with his sparring partner, Heinemann, last night, preparatory to going through a similar stunt at Toronto next week. The first round was so tame that the crowd, almost without exception, voiced its disapproval. And one shrill voice from the gallery warned Johnson with: "Jeff won't do a thing to you." Cat-calls were so persistent that the house manager had to request fair play in a speech, in which he set forth that if Jeffries defeated Johnson, then Jeffries would be champion. But that until that time Johnson was champion, and entitled to a square deal. After that things were considerably quieter, until the four one-minute rounds were finished, upon which the exit of Johnson was to the accompaniment of a volume of hisses and hoots. The negro took it all good-naturedly. "I'm getting money, ain't I?" was his only comment.

EDMONTON TO HAVE NEW RINK

It is Said a Stock Company Will be Formed to Build Modern Hockey Auditorium Here

It is rumored around town that a new rink is a possibility for next winter. If we are ever to have professional hockey in Edmonton that will compare with the eastern standard, our team must have a large sheet of ice to work on.

Several prominent hockey enthusiasts have been working on the matter and arrangements are being rapidly perfected for a rink that will vie in ice dimensions and seating capacity with the Arena or Jubilee in Montreal, or the Ottawa Arena. A stock company will be formed and shares to the number of 500 issued, each being of the par value of \$25. This will give the directors \$12,500 to work with and a modern hockey arena should result.

It is only the matter of a year or so before a larger rink will be an absolute necessity in Edmonton and it is the intention to "take time by the forelock" and get construction under way before next winter.

Whitcroft, Winchester and Deaton are returning to Edmonton in a month or so, and they will provide the nucleus for a strong senior team for next year.

A GATHERING OF THE CLANS

Marathoners are Congregated at Frisco and Several Important Races are on the Tapis for this Month

San Francisco is becoming a haven of refuge for the Marathoners. Races are billed for this month and next on this coast, that would not draw a corporal's guard in the east. Johnny Hayes and Dorando are there, training for their third and deciding race which takes place tomorrow. Sol Mititz, Tom Longworth's Irish Manager has challenged the winner on behalf of this man for a twenty mile race. William Stanley, the Danish distance man, has arrived at "Frisco with a challenge for St. Yves.

Stanley has been appearing in Seattle, Spokane, Tacoma and British Columbia. He appeared in Frisco twice about a year ago, but met with defeats both times. He showed plenty of speed. Hayes and Dorando are training industriously. Hayes won at the great London Olympia, but lost to Dorando in New York. Other Marathoners on the coast are Fitzgerald, Marsh and King.

WITH BESOM AND STANE

Last Night's Results Among Twin City Curlers

At the Granite Rink.

At this rink last evening Skip Fred Smale and Skip Scott played the semifinal in the Alberts Lumber Co. competition. After a very close game Skip Scott won by the narrow margin of 1 point. Score by ends:

A. M. Scott, 10-23011000000—10
T. F. Skelton, 0-2000002112110—9

In winning this game Skip Scott will now have to play with the winner of the Capital City Club, who are also playing in this event, for the final position of the cup for the ensuing year.

Saturday's Draws.
Haskill vs. Brunton.
Dobson vs. Barnhouse.
J. Dewar vs. Verner.
Dr. Robertson vs. Morris.

AT STRATHCONA.
There were only two games played on the Strathcona ice last evening, resulting as follows:

Fuller 14; Malone 7.
A. J. McLean 17; Weir 10.
Saturday's Draws.
F. Bowen vs. Kinecar.
A. McLean vs. A. J. McLean.
J. C. Bowen vs. Douglass.
Malone vs. Baines.

BIG GAMES TONIGHT

Several Strenuous Struggles are Scheduled for the Canadian League—All Eyes on Renfrew

Some important matches are scheduled for this evening in the reorganized Canadian hockey league. The \$15,000 heauties play at Shamrocks and this game will have much local interest as Fred Whitcroft will appear on the reamery Town line-up. As stated at last night's Capital, Hay Miller will be an interested spectator at the game, having offers from both teams. Then Bert Boulton is also a possibility for the Renfrew team. At Ottawa the Stanley Cup holders will proceed to take the Canadians into camp. It should be a romp for the champions.

Wanderers play at Haileybury. The Montreals are going like whirlwinds and seem the team for Ottawa to beat for the 1910 championship.

SPARKLETS

Glints From the Sporting Anvil

Sporting Editor Star:
See Meadows won out from Shrubbs in last night's race. What nationality is Meadows? It seems to me he was running as an amateur in the north of England some years ago. Are Meadows and Shrubbs to run again?
Spiked Shoe, Edmonton, Alta.

Ottawa Journal.—Money may make the mare go, but that it does not make the hockey team go was determined in Renfrew, when the millionaire-made, all-star hockey team was defeated on its own ice and in its own game, "Money," someone said, "can buy anything but heaven and happiness." To these two "ifs" a third may be added—hockey.

The All-Montreal team had a short life, two games, but lost \$1800.

Here is a brand new one on Jack Pfister, the left-hander of the Cubs. One day last summer he was in bed with malaria and the doctor paid him a visit. "He took the pitcher's temperature and said: 'One hundred and four.' A few of his teammates stood around. 'Is that official?' asked the pitcher. The doctor replied that it was official. 'Why I thought I had hit better than that.'"

SIXTEEN DOLLARS A MINUTE

This is not Rockefeller's Income but What Hay Miller Could Have Earned Last Saturday With Renfrew Team

Hay Miller may not have set the hockey world afire in the recent cup matches, but he has gained one distinction through the eastern trip. When Renfrew made the sensational offer to Hay of a \$1000 for one game, they broke all previous records. Doping out the salary mathematically brings out surprising figures. Miller could not have played more than 60 minutes. At that salary his services were worth \$16.66 a minute or two bits for every second. This is easily as much as Hay can make on his ranch.

HIGH SCHOOL DEFEATS VARSITY

Local Team Win From the Boys Across the River—Score 6 to 4

Edmonton High School and the University hooked up in a fast game of hockey last evening at Garbe's Rink, which resulted in a win for the High School by 6 to 4. Score at half time 3-2. The following is the line-up of the two teams:

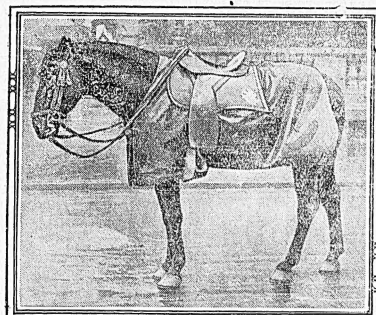

High School—May, goal; Belcher, point; Hepburn, cover; Dean, centre; Goodridge, rover; Tate, left wing; Anderson, right wing.

Taylor, of Renfrew, is drawing more money than A. J. Balfour. Another difference is that Balfour doesn't change his mind every twenty minutes.

"Every knock is a boost."

Billy Currie, the crack centre of the Toronto A. Club, in a recent game scored no less than 11 goals himself. This constitutes a record score.

Norman Elberfeld says he is through suffering the umpire. H. Cobb said that he was through making base hits and Matheson declared that he wouldn't try to win games any longer, we'd believe it. It is singular what a well-behaved individual Elberfeld is—in the off season.

"ROSE BUD" EDUCATED TRAFFIC SQUAD HORSE

New York, Jan. 21.—Rose Bud, an educated horse of the police traffic squad, is king of feminine hearts in Fifth avenue, at Fifty-fifth street, where he and his rider are engaged in regulating traffic. Scores of women, many of whom are prominent in New York society, have become devoted friends of the horse, and scarcely a day passes that they do not stop to feed him loaf sugar, candy or apples. When a handsomely dressed woman walked from the St. Regis Hotel she stopped at the Fifth avenue curb and gave a shrill whistle. Although engaged then in solving a difficult traffic problem, Rosebud raised his head, pricked back his ears and gave a low bow of recognition. In the animal's big intelligent eyes the woman could almost read the words: "Just a minute and I will be with you."

Turning his head to the west, facing the Hotel Gotham, Rosebud gave a warning look in the direction of chauffeurs and coachmen coming up Fifth avenue, and the north-bound traffic was brought to a standstill. In the same manner a long line of automobiles and carriages going south in the busy thoroughfare were halted by the horse, who then, with a bow of the head, signalled waiting vehicles bound east and west in Fifty-fifth street to proceed.

His duty performed, Rosebud hurried to the curbing, where his friend was still waiting. With a neigh of welcome, the horse greeted the woman in furs. She then pulled from her muff a linen napkin, in which she had wrapped several cubes of loaf sugar. Rosebud ate the saccharine offering, bowed a farewell and rushed back to his post of duty.

Men's Negligee Shirts

PLANS FOR EXHIBITION GROUNDS REQUIRED

The Board Offers Prizes for the Best Set of Plans Submitted

Plans showing the best lay-out of grounds, the location of buildings, main entrance, driveways, walks, etc., may be submitted by anyone to The Edmonton Exhibition Association, Ltd., until February 10th. Blueprints of the Exhibition Grounds on which are shown the permanent location of the race track and fence and C.N.R. and G.T.P. Railways, also the street railway on the north side of the grounds, may be obtained at the Board of Trade office. A deposit of \$2 is required from anyone taking a blueprint plan as a guarantee of good faith, this amount will be refunded to all submitting plans. A plan however accessible to all will be kept on the wall of the Board of Trade office. It is proposed to request the City Council to extend the Street Railway east up Kinnaird street, thence east to the park.

The following prizes are offered: For the best plan, \$250; second best, \$150; third best, \$75, which are to become the property of the Exhibition Association. The Association reserves the right not to accept any plan, or if there are not more than three competitors to award only two prizes. The competitors are purposely given a wide scope to submit plans which will in their opinion be best suited to the grounds and the present and future needs on Exhibition lands of the growing city of Edmonton.

TROUBLE AT MORINVILLE

Irregularities are Alleged in Connection
with School Matters

Probably not until Morinville strikes
oil will there be such an excitement
again as the town is experiencing at
the present time.

The root of the unusual commotion
is the doings of the Morinville school
board. It appears that for three
years the same three trustees have
been directing matters educational in
the community. The late school
teacher, Miss O'Brien by name, gave
splendid satisfaction, but it is alleged
that she did not meet with favor in the
eyes of the trustees and "found it
necessary to resign. On doing so,
however, she intimated that she was
only getting \$600 per annum, while
her written contract called for \$800.

Where did the difference of \$200 go?
Suspicion spread abroad that all was
not right and the education depart-
ment was called in to make an in-
vestigation. The books of the past
three years were gone into and it
is alleged that shortages and irregu-
larities in the accounts were found
in the records of each year. An af-
idavit was secured from Miss O'Brien,
now living in Saskatchewan, that she
only received \$600, although the books
showed that she received \$800 per
year.

A meeting was held a week ago to
re-elect school trustees for the school
district, but a postponement was made
to await the report on the govern-
ment investigation. The meeting is
being held today and considering the
nature of the report it is believed that
the meeting will be somewhat warm.

**THE LIQUOR LICENSE
ORDINANCE**
Application for Transfer
Hotel License

Application has been made by John
Cameron for consent to the transfer to
himself of the license granted to Jo-
seph Hostyn in respect to the pre-
mises of the Edmonton Hotel, situate
on that part of River Lot four un-
subdivided and lying north of the
right-of-way of the Edmonton, Yukon
& Pacific Railway except the street
known as McDougall street south,
Edmonton, Alberta.

If necessary this application will be
considered by the Board of License
Commissioners at a meeting to be held
at Edmonton on Wednesday, February
16th, 1910, at ten o'clock a.m.

Dated at Edmonton this 17th day of
January, 1910.

S. B. WOODS,
Deputy Attorney General

**Yes---You
Can Buy
Things More
Cheaply at a
Store That
Advertises!**

If you were a merchant,
wouldn't you rather sell a thou-
sand yards of silk in a day, at
profit of 10c. a yard, than to
sell (without advertising) fifty
yards, at a profit of 20cts a
yard?

Isn't it plain that in all such
instances the buyer gets the
benefit of the "volume of busi-
ness," which advertising en-
ables the merchant to do?

The money cost of a journey
- long or short - by stage coach
(not to count time, or comfort)
was greater than that of a pre-
sent day journey by railway.
The "old ways" of doing things
were not even CHEAPER.

The cost of things in an old-
fashioned store nowadays is
greater than in the progressive
store - the "advertised store."
It's not even CHEAPER to
patronize the non-progressive
merchant - not to count the
unwisdom of helping make it
possible for reactionary and
non-progressive merchants to
still "do business."

How to make 100 p.c. on your investment in 10 months.

Musk Rats Skins are worth 50c. today, all other furs are advancing proportionally. Are you anticipating getting a fur lined coat, if so, here is your chance.—Our \$110 coats today will be worth \$100 in 10 months from now.—Our \$85 coats will cost you \$125 in 10 months time. We can use the money for 10 months and make a satisfactory profit, now here is where YOU win.

3 months of winter ahead, we will clear our lines of Furs Coats at following prices: \$110.00 lined @ \$85.50; \$85.00 lined @ \$65.00, sizes 38-40-42. You need not take because you look no keep because you buy.

DR. McDOUGALL'S RECOLLECTIONS

Tells an Eastern Newspaperman of Changes That he has Seen in the West

(Ottawa Free Press)

Pioneer, sky pilot, rancher and advisor to many of those who in the past half century did much to build up the great Canadian west, Dr. McDougall has for many years been a special agent of the Dominion Government amongst the Indians and Donk-hobors of the prairies and of British Columbia. His has been an experience of over sixty years of active contact with the frontier and the foothills.

In his room at the Windsor hotel this son of the west told the representative who called on him some of the changes which he had seen come and go in the field in which he had labored for over half a century.

"The trouble that has always been present with the Canadian people has been that they had not faith enough in this western country of ours," Dr. McDougall remarked. "You can judge how little was ever expected of the west when I tell you that when I spoke in Montreal in 1879 I was hissed when I said that before many years the bulk of the people of the country would be west of Lake Superior."

Remarkable Changes
Dr. McDougall's face brightens when he tells of the progress of the west, and it was with a beam of satisfaction that he told of a trip between the foot of the Rockies and Edmonton in 1878.

"We made the entire journey without seeing a human being but those in our own little party," he said, "Today there are nineteen towns and three villages along the line we travelled."

"Nor is the progress of the west the only thing which appeals to this minister, whose greatest regret in connection with the Northwest Rebellion in which he took part, is that he was not able to see more of the fighting, that went on. His eyes sparkle when he tells of the bronchos he has 'musted,' and as he talks of the stirring times of the early days one can almost picture the scenes as they existed.

"The coming of the railroads did much to open up the country; but for years after I first entered the west, we left every sign of steam power hundreds of miles behind. There was one little engine at what was then the village of St. Paul; but that was far away from where we were. What is now the city of St. Paul was then only a hamlet.

Transportation Charges

"When I returned from the east in 1882 the railroad took me to within five miles of what is now Swift Current, but there I was dumped off. I went on, across the prairie. My brother and I were bringing in several carloads of goods for our far western home. It cost from \$300 to \$400 a car to get the goods 50 miles past Swift Current. From there we had to pay nine cents a pound to have the stuff taken to its destination, 22 miles past Calgary. All that has changed, you."

"I had been brought up along the frontier, and when the rebellion broke out they found a place for me with General Middleton and Colonel Steele. I was well versed in all sorts of warfare that was carried on out there; but, unfortunately, the places I was sent to never proved to be the scenes of any big engagements.

"The first thing I had to do when I made my home amongst the Rocky Mountains was to build a fort. I had my family with me and I knew that I would be away for long periods at a time, and I had to protect them. Besides, you know, the best way to keep away from war is always to be ready for war."

Methodist Minister

Dr. McDougall was for 48 years an active minister of the Methodist church. His father before him was a pioneer minister in the middle west. However, for years, he has devoted almost all his energies to the unbuilding of the west. He has lectured through Canada and England in his efforts to lead settlers to the west.

The part of his labors that bring him into contact with the Donk-hobors has not discouraged him in his hope that some day these people will make good Canadians. Indeed, it may be said that after coming closely into touch with them in an official way, Dr. McDougall has a higher idea of them than of the average Canadian. The stories that have been so freely circulated about these settlers the doctor brands in many cases as largely false.

"LADY HUNTWORTH'S EXPERIMENT"

There was a large audience last evening at the second production of "Lady Huntworth's Experiment," by the Edmonton Amateur Dramatic Club at the Empire Theatre. The members of the cast were given a very hearty reception, numerous curtain calls taking place. Opinion was unanimous that a very clever and amusing play had been given a production which not only reflected the greatest credit on the amateur talent of the city, but, which apart from the fact that it was a local effort, was the most enjoyable dramatic offering that Edmonton has had in many a long day. Bumper houses are expected at this afternoon's and tonight's performances.

If the "cash capital and surplus" of your home amounts to even a modest sum, you are able to buy things when they are cheapest—not merely when they are NEEDED MOST.

WILLIAM PHILLIPS.

Who has been appointed American Charge d'Affaires at London, in the absence of Ambassador Reid. Mr. Phillips is but thirty years of age and is one of the youngest men to whom has ever been assigned so important a diplomatic post. He is about to marry Miss Caroline Drayton, a granddaughter of the late William Astor, the wedding having just been transferred from New York to London on account of Mr. Phillips' appointment.

Mr. Edison Says:

"I Want to see a Phonograph in Every Home."

The Phonograph is the result of years of experiment; it is Mr. Edison's pet and hobby. He realizes fully its value as an entertainer and educator; for the phonograph brings the pleasure of the city right to the village and the farm home. Now, the new Fireside Edison Phonograph of our No. 27, 1910 Model, is the latest and greatest improved talking machine made by this great inventor.

Everybody should hear it; everybody must hear it. If you have only heard other talking machines before, you cannot imagine what beautiful music you can get from the outfit No. 27. This new machine is just out and has never been heard around the country. We want to convince you, we want to prove to you that this outfit is far, far superior to anything ever heard before. Don't miss this wonderful liberal offer.

WOMAN'S WORK IN EDMONTON

A Variety of Interesting Reports Presented by Different Societies of City

TO LOCAL WOMEN'S COUNCIL

Re-organization for the Year—Miss Ferris the New President—The Other Officers

The second annual meeting of the Local Council of Women, held January 20, in the Y. M. C. A. hall, was largely attended by members of 16 affiliated societies. The president, Mrs. Cantley, was in the chair. At the sessions which continued throughout the morning and afternoon reports were read from the various societies outlining the work done by them during the past year.

All Saints Auxiliary
The report of the Auxiliary to Missions of All Saints, read by Mrs. Webb, told the meeting that there were 40 members who met weekly, once a month for business, the other meetings for sewing. The money expended in good works such as in Indian Schools, Clothing, Parsonage Funds, Missionary Work, amounted to \$177.50. They had a small balance remaining in bank.

Ladies of the Macabees
The Ladies of the Macabees report was read by Mrs. W. A. Deyl and was in part as follows:

This association is a women's business organization furnishing life insurance to its members. Edmonton Hive No. 1, it is one of 270 branches. There is also a relief fund for help in case of any calamity. The Edmonton Hive undertook to furnish a hall for lodge purposes fifteen months ago. At the end of a year the work was completed and paid for. There are 56 members at present.

From January 1, 1908 to January 1, 1910, the money received amounted to \$1,500 and the disbursements about \$4,000. The Ladies of the Macabees are interested in all questions pertaining to womenkind.

Josephine Sunshine
The Josephine Sunshine report of Mr. Hodge informed the council that the Edmonton branch was the only one in Alberta. The motto is: "Golden thoughts, golden deeds, rid life's garden of its weeds."

The pledge:
To make one another happy.
To lighten one another's burdens.
To share one another's cares.
To be lifters, not leaneers.
To make the world a sweeter place to live in.

There is no admission fees, and the dues are kindly acts.
Funds are gathered when necessary in various ways. \$500 a year is sent to a Blind Babies' Home. The local work consists of doing little things, making clothes for needy children, flowers for the sick and remembrances for the well. The largest item for the year was \$25 to the creche. The Sunshiners' spring salute was "Keep the corners of your mouth turned up."

Queen's Avenue Ladies Aid.
The report from the Ladies' Aid of Queen's avenue Presbyterian Church, read by Mrs. Davis showed the good work done by them in helping the creche in various ways, also the Y. W. C. A. The society is deeply interested in the Dower Act.

All Saints' Willing Workers.
Mrs. Braithwaite gave a verbal report of the Willing Workers of All Saints. Theirs is chiefly church work, helping the poor, furnishing awnings for the church and collecting for the church organ. This year \$350 was paid on the organ.

The carnival is the only money making affair they give.

McDougall Ladies' Aid
The Ladies' Aid of McDougall Methodist Church was represented by Mrs. P. E. Butchart.

They have monthly meetings. Their aim is to keep in touch with strangers attending the church. There is a hospital committee to visit the sick, often sending flowers. At Christmas they send flowers and fruit.

They have helped several young ministers in outlying districts where settlers can not give much assistance. Lamps and reading matter were sent to a minister in Peace River district for use in halls for men. Sewing was done for needy people. The coming year will bring much work on account of a new church being erected.

The W.C.T.U.
The W. C. T. U. work was described by Mrs. Burbeck.
An important part of their work is visiting the penitentiary every Sunday holding meetings with the women.

Mrs. Nobles has taken charge of this work and given it much time and thought. This year, the Children's Loyalty Temperance Legion has received much attention from the W. C. T. U. Interest is taken in all questions which have for their object the uplifting of womenkind.

Mistamisk Chapter of Daughters of the Empire

The report of this body was read by Miss Bourchier. There are 25 members, all active and interested. The rummage sale in November brought in \$196.00. Two coats and furnishings were bought for the children's ward in the public hospital and \$25 contributed to district nurse fund. This chapter is studying the History of the Empire. Each month a paper is read by some one of the members.

Westminster Missionary Society
Women's Missionary Society of Westminster Presbyterian Church reported through Mrs. Fullerton.

They have forty members, hold monthly meetings. Important work was done this year in helping needy home missions; 4 large bales of clothing and bedding were sent out. Bedding was sent the city creche, \$10 to nurses' home at Vegreville. Money amounting to \$366 was divided between home and foreign missions.

First Baptist Church Ladies Mission Circle

Mrs. Allen reported verbally. They hold monthly meetings, and quarterly missionary prayer meetings. Their object is to help home and foreign missions and study needs of same. The sum of \$150 has been expended in the work this year.

Graduate Nurses

Mrs. Lee reported for the Edmonton Graduate Nurses' Association. This association was organized in February, 1907. The object is professional and social intercourse, the elevation of professional nursing. The meetings are monthly lectures or papers of professional interest are given.

There is a strong opinion in the minds of some regarding the members of the association. It is not true that members refuse to nurse for less than \$25 per week, or in a house without servants. A nurse being just a woman, she requires money for her support, but a true nurse would forfeit money at the call of duty.

Women's Press Club

Women's Press Club, Miss Forsythe. The work done primarily by the press club has been to keep in touch with press women throughout Canada and entertain visiting women writers. Luncheons have been given to Mrs. Jean Blewett, Agnes Laut, Agnes Deans Cameron and a tea for Mrs. Cran, London, Eng. There have been other informal gatherings for members of the local club, as well as regular meetings of the club.

Y. W. C. A.

The Y. W. C. A. report was presented by Mrs. Hobson, who told what splendid work had been accomplished in the past year. The new quarters secured a cost of \$30,000 were renovated and furnished. The present building accommodates about 30 girls.

Representatives of the association wearing a Y. W. C. A. badge, met G. T. P. and C. N. R. trains and arrangements to meet C. P. R. trains in Strathcona are about completed. These representatives have been of great assistance to strangers.
The employment bureau is another

feature of the work. Inexperienced and needy girls find it a safe medium for securing work.

Classes in physical culture and cooking have been carried on under experienced teachers.
A gymnasium and baths for women is something the near future will provide.

Beaver House Chapter

Beaver House Chapter, Imperial Order of the Daughters of the Empire, Mrs. Wells.

This chapter has undertaken to furnish a ward in the new hospital as its chief work this year.

At their meetings, ten in number, held last year, sewing was done for children at the creche, and the hospital fair.

The patriotic work of the chapter has been marked, as in other years, by commemoration of Empire Day, presentation of prizes to school children for best essays on imperial subjects.

This year a flag was presented to Twin Creek school on Empire Day. \$20 was given to the fund for City District Nurse.

Hospital Aid

Hospital Aid, Mrs. Riddell.

This society has been very active during the year and has furnished much in the way of supplies for the hospital and nurses' residence. The purchasing committee has done much excellent work; whilst upon the sewing committee fell the burden of preparing for use the great amount of linen supplies.

The mammoth fair, and the Vice-Regal Ball were two of the greatest and most successful enterprises of this association. The year has been full of hard work, but the satisfactory state of the association's bank account, \$8,562.39 in a measure repays the efforts made.

Reports from Standing Committees

"Lady Grey Nursing Scheme." The report read by Mrs. Wells was very encouraging. This committee hopes soon to have a Victorian Order nurse appointed to Imperial district. Then they will turn their attention toward some other country district requiring such help.

Report from Edmonton City District Nurse Committee

A Victorian Order Nurse, Miss McCulloch, is now at work. The committee require about \$350 more to defray expenses, also donations of sheets, towels etc.

This committee presented a resolution, which was passed by the meeting, releasing the local council from further responsibility with regard to the district nurse. The committee Miss Seton-Thompson, Miss Hughes, with the Board of the Victorian Order of Nurses, Ottawa.

The Treasurer's report, from Mrs. Currie, showed money on hand about \$42, several worthy causes helped during the year.

Secretary's Report

The year has been active and progressive singularly effective work being performed by the council in its second year of existence.

A pleasing feature of the year was entertaining delegates to the Quinquennial conference of the International Council of Women.

The first annual meeting of the council was held January 7, 1909. More than 50 members were present, although it was an exceedingly cold day.
A committee on laws for better pro-

tection of women and children has been splendidly active. A resolution concerning the dower rights of women was brought before the provincial government.

The committee also was given an opportunity to examine a bill for the protection of children before it passed last March. Much information was gathered concerning Mormon settlements in Alberta for national council.

The creche

The Edmonton Creche was established by the local council, 1908 and carefully fostered during the first months of existence by the committee. It grew rapidly and by April, 1909, was upon a firm basis that the local council made the committee a self-governing board of management.

This board has recently handed over the creche, free from debt, with numerous articles of furniture, etc., to the Children's Aid Society.

It must be chronicled that the success of the creche has been largely due to the untiring and self-sacrificing efforts of the council's president, Mrs. Cantley, and vice president, Mrs. Ferris.

Other works of the local council have been securing a district nurse for the city, helping the Lady Grey county nursing scheme and helping to form a club for lonely girls.
At present 16 societies are affiliated.

Standing Committees

These standing committees were appointed for 1910:

Lays—(Same as 1909) Mrs. Murphy (convener), Mrs. Ferris, Mrs. Cantley, Mrs. Barnes, Mrs. Riddell, Public Health—Mrs. Kneil (convener), Mrs. Deyl, Mrs. Dickey.

Education and Press Committee—Mrs. Cantley (convener), Mrs. Hislop, Mrs. Bevel, Mrs. J. D. Harrison, Miss Forsythe, Mrs. Watt, Mrs. Murphy, Miss Seton-Thompson, Miss Hughes.

Officers 1910

President—Mrs. Ferris.

First vice president—Mrs. Cantley.

Second vice president—Mrs. P. E. Butchart.

Treasurer—Mrs. Currie.

Secretary—Mrs. Kneil.

The meeting closed with a brief address from Mrs. Cantley, retiring president, in which she thanked the members of the local council for the hearty support. Mrs. Cantley reviewed the work done and outlined the good work ahead. Past success should stimulate the council to still greater effort.
Meeting adjourned.

Tea was served and members enjoyed a social chat after the meeting.

Ta Toi Palace, Athens, Partly Destroyed by Fire, and King and Queen of Greece, Who Made Their Escape

THE TA TOI PALACE, ATHENS

Athens, January 21.—Fire that started in the royal palace of Ta Toi, the summer residence of King George of Greece and the royal family, recently burned out the central portion of the structure and caused great damage throughout the raised wing before the flames were got under control.
The fire started while members of the royal family were gathered about a Christmas tree. The flames are supposed to have had their inception from the illuminations on the tree and spread with such rapidity that the central section of the building was soon destroyed. It was feared at first that the entire structure was doomed, as efforts of the royal attendants to quell the first blaze were futile.
The royal family made a hasty escape, and although the fire spread so fast, none was injured so far as can be learned.
The royal palace at Ta Toi, the summer residence of King George of Greece, is noted for its beautiful park and gardens and stately oak woods. Although of large area the structure is rather unpretentious. From the grounds beautiful views may be obtained of the Attic Plain, the Penelikon and the coast near Marathon.

CAUGHT SPIRIT OF EDMONTON (Continued from page two)

Canadians, in the Nineteenth Alberta Cavalry, which is officered by Captain Lessard, Major DeBlais, Talbot and Lieut. Ehler, the latter the parish priest of Morinville, who is probably the first French-Canadian priest to take a commission in the Canadian militia, a fact that Edmonton is quite proud of. In the Alberta legislature there are also three French-Canadian members, Messrs. P. E. Lessard, who represents Paken; J. L. Cote, who represents Athabasca North, and L. Boudreau, who represents St. Albert. There are also in the city two Catholic churches, two separate school buildings, which are a credit in point of architecture, one of the latter buildings costing in the vicinity of one hundred thousand dollars.

One of the French-Canadian residents of Edmonton, whom we interviewed on the Manitoba school subject, and the settlement made by Sir Wilfrid Laurier, said:

"It is a crying shame that we cannot obtain teachers from the east, in view of the fact that we are paying much larger salaries than are being received in the Province of Quebec. Our minimum salary here in Edmonton is six hundred dollars for women, and seven hundred and fifty dollars for men, the latter figure ranging up as high as fifteen hundred dollars."

"Furthermore," said our informant, "although the examinations are somewhat different to those in the east, the school examiners recognize this fact, and so are considerate, that they will invariably allow an eastern teacher a year in which to qualify. We naturally find themselves playing with schools, as they afford us the opportunity of having their children taught in their native language which is the natural inclination of any parents of almost any nationality."

The Foreign Element

"Foreigners who come to the west, as a rule, live in sections by themselves, and their children naturally play together and are brought up to hear nothing but their native language notwithstanding the fact that they are sent to the English public schools, but the French-Canadians mix with the English speaking element in business to such an extent that unless the children of French parentage are sent to French schools, or a school where they will have the opportunity of learning their native language, they naturally find themselves playing with English children and speaking the English language exclusively."

"If one is desirous of studying the future of any country, and it is those who do so, that take advantage of the knowledge thus gained, that make fortunes, one very properly asks from what source Edmonton expects to build up a city with a population of one hundred and twenty-five thousand people?"

"We have pointed out that the city today is laid out for such an increase, but there must be something to bring it about, and to hold such a population when it has grown to that extent."

"This in answer by the citizens who point the visitor to the vast growing lands to the north, particularly in the vicinity of the Peace River Valley, and from all we have heard and seen they are calculating in the right direction. The Edmontonians we want to inform you that if half a million people, and the area in question can accommodate ten times that number, next ten years, Edmonton will derive the entire benefit of their trade, which means the establishment of large wholesale houses and manufacturing plants. On these two vital questions hinges the future of Edmonton, Calgary and a great many other rapidly growing cities of the west, and it is safe to say that the prophecies of all authorities, in fact everyone who has an opportunity of seeing this wonderful country, in these svandaimdnea are attracted to this district during the full century, support the contention that the growth of the west will be far more rapid than that of any other new country in the history of the world. There is not the shadow of a doubt that the west of today is but a miniature of the west of tomorrow, and whereas a bad crop of a few years ago would financially embarrass the west, today such a thing is almost an impossibility. The great majority of farmers are now well to do, and one or two bad crops would have little effect upon their resources. It would only restrict their expenditure, and possibly assist in making them more thrifty."

"It is hard to realize with labor so high and scarce at times, that the manufacturing interests will increase to any great extent, until the districts are more rapidly filled up and the labor market levels itself to eastern wages. Where coal and water power are large factors in the manufacture of any article, there is no doubt that the west will make some headway and

adopt itself to the manufacturing of such special lines, but where a large amount of labor is engaged, there is not the slightest idea that the manufacturing interests of the east will be affected for years to come."

The Case of Joseph Durant

Incidentally we may mention a case of successful land speculation out west. Joseph Durant crossed the line from the southern republic and arrived in Calgary with his wife and about forty-five dollars in his pocket which represented all he had saved from some mining investments, but his judgment of location was his success. He worked on one of the local newspapers writing up the crop forecast for 1908, riding many miles on horseback through the country and visiting various districts, observing conditions and interviewing farmers. He next took up the problem of railway transportation, and the needs of a railway through the district in which he had spent a couple of months; sending over a hundred letters from different parts to his paper, exposing the "pitiful" plight of the farmers, through the lack of transportation facilities. His letters had a very influential effect upon the Alberta legislature, and during last session they voted in favor of loaning several hundred miles of railway in the province, most of which work is now under construction. Durant was wise in his generation, and secured two thousand six hundred acres of land, at two dollars per acre to a location which, at the time, was forty-five miles from Calgary, but near where he thought one of the railways would be constructed. His judgment was good, and inside another few months, his land will be two and a half miles from the railway and will be worth from twenty to twenty-five dollars per acre. On this deal alone he will clean up twenty-five thousand dollars. He was ploughing the land at the time we met him with a steam plough, working night and day at the rate of one thousand acres per month, in order to have a winter crop ready for his purchasers next spring, who, he maintains are principally North Dakota Germans, leaving their farms in the States and coming to Canada in large numbers.

We asked him how he got to his farm when it was such a long distance from Calgary. "Oh," he replied, "quite easily. I have a motor car which takes me there in less than one and a half hours."

GREAT HELP TO BASHFUL

A Machine Invented for the Telling of
a Girl's Emotions

KNOWS WHEN TO PROPOSE

If he Consults the "Phthymograph" Put
on the Market by Philadelphia
Professor

Philadelphia, Jan. 21.—Here is a story that ought to send shivers of joy to the hearts of bashful men who haven't been able to muster up nerve enough to "pop the question" to the girl of their choice, and who have been hoping fondly for another leap year to roll round.

Just take the girl on an unspectacular visit to the laboratory of the psychological clinic of the University of Pennsylvania, which is directed by Dr. Lightner Witmer, head of the department of psychology. Then have her place her hand daintily in a machine which you will notice is labelled "phthymograph," or "phymograph," whatever that may be, and await developments.

Whisper Name; Get Results

While her hand rests easily in the machine some one whispers "George," "Reginald," or what your name might be, and keep your eye on the indicator. The machine will do the work and you can take the word of some of the psychologists who have been experimenting with it as to the absolute authenticity of this statement. What the machine does is register on paper a distinct line which designates with precise correctness the emotions the mention of your name to the girl has caused her to experience.

If the line sinks downward toward the bottom of the paper, take it from the "proposal machine" that your stock is low with the little woman, and you had better seize upon a confidential tip on paper and continue to press your suit a little longer. If, however,

have a motor car which takes me there in less than one and a half hours."

ever, the line fairly leaps, and bobs upward toward the top of the paper, everything is all right and you ought to rush out into the room where the girl is seated and draw her to your breast.

How the Machine Works

Before going into the details of how this "phthymograph" works out in actual practice some idea ought to be given of its mechanical construction. In the first place there is a small metal cylinder on the inside of which is a rubber lining which fits the hand like a glove. It is into this rubber glove that the girl inserts her hand. The space between the glove and the cylinder is filled with water, and on top of the cylinder is a tube which acts as a gauge, showing the contraction and expansion of the girl's hand.

As the hand contracts, the water falls in the tube. At the same time a like effect is caused in a longer rubber hose attached to the upright metal tube and passed through the partitions into the adjoining room. Connected with the hose is a sort of piston-like apparatus tipped with a rubber diaphragm, at the end of which registers the contractions or expansions on paper.

A want ad. will "work at it" for you while you go on about your usual business.

PETITIONS FOR LOCAL IMPROVEMENTS.

NOTICE is hereby given to all parties intending to petition for local improvements such as sidewalks, paving, boulevards, etc., to be constructed this year, that the same should be placed in the hands of the City Commissioners on or before the first day of March, 1910. It is important that the council should know before the season opens what work is to be undertaken this year.

Those neglecting to pay attention to this matter before the date mentioned must not feel aggrieved if their petitions do not receive attention during the present season.

Blank petition forms can be secured at the Commissioners' Office in the City Hall. By order,
THE CITY COMMISSIONERS
Jan. 19-22-26-29, Feb. 2 5 9 12

Is Your Rural Trade Growing as it Should?

To the man in business in Edmonton this question is an important one at the outset of a new year's business, even if your trade with the near-by towns did grow steadily during the past year. You will be interested, of course, in anything that promises to make trade grow even more rapidly in 1910. That's why we mention the fact that the Alberta Homestead can tell your business story to the best advantage to a greater number of people within the buying radius of Edmonton than you can reach these good buyers in any other way.

The Alberta Homestead

The only weekly farming paper published in the Province
and which has a PAID UP CIRCULATION OF OVER 4,000

should not fail to interest the live, wide-awake business man who wishes to reach the farmers who do the buying.

LET US TALK IT OVER

THE ALBERTA HOMESTEAD

Advertising Department, Phone 1961

About Town

"High" practice for men will be held at the usual place of meeting on Saturday afternoon at 4:15 o'clock.

W. D. Jones, one of the Edmonton branch of the Bank of Montreal, has been transferred to the Winnipeg office of that institution.

The teachers of St. David's Society are giving a ball at the MacCallister Hall, Nampy avenue, at 7:30 tonight to which they invite all Welsh people and people of Welsh descent.

The last performance of "Lady Hamlet's Experiment" will take place this afternoon and evening at the Empire Theatre. Matinee at 3 p.m. and evening performance at 8:15. There are still a few good seats left, which may be obtained at the box office.

At the annual meeting of the Edmonton Club, held last evening, the following officers were elected for the ensuing year: T. W. Lines, president; committee, J. E. Wallbridge, A. Driscoll, E. C. Bowker, H. W. Sipple, H. M. Evans, W. G. Harrison, John Semmerville, J. L. Bagger.

At eleven o'clock this morning the Union Jack was unfurled on the steel dome of the legislative building to mark the completion of the four months of steel work on that part of the building.

A suite of offices in McDougall Court were opened this morning to be the headquarters of A. G. Harrison, manager of the Edmonton Exhibition Association. The transfer of the exhibition offices from the Board of Trade rooms was made today.

The regular Sunday conference for men will be held in the Y.M.C.A. parlour on Sunday afternoon at five o'clock. Topic: "The Young Man's Physical Condition." The topic will be introduced by Mr. G. R. Jackson, physical director. Strangers' tea will be served upstairs at the close of the conference. All men are cordially invited to attend. Strangers in the city will be especially welcomed.

The criminal case, Rex vs. Dan Baker was heard at North Edmonton yesterday before Judge Noel. Mr. Cogswell for the Crown and Mr. McCormack for the defendant. The charge was that in October or November last the said Dan Baker did steal from Peter McPhee of Big Edley, Alta., thirty tons of hay. The witnesses for the crown, Messrs. Henry W. Clark, Peter McPhee and L. Leggett, were unable to throw much light on the case, so the judge discharged the prisoner.

Ad. Dr. McNelis has returned from his trip along the right of way of the Great Waterways Railway. To The Capital he said that he is having some difficulty in carrying out the contract which he has on hand owing to the small timber along the line. He has 100 men at work in the lumber camps at present. In probability they will have to push into the back country to get timber of the required size. Engineer P. H. Smith, who has been in charge of a survey party, has returned after having reached Lac la Biche.

It is learned today that D. D. McLeod proposes this summer to erect a modern hotel to replace the old Windsor, twice destroyed by fire, on Broad street, Regina.

The congregation of Knox church, Calgary, has authorized the board of managers to dispose of the church property which consists of six lots, for a sum not less than \$10,000. It has also decided to endorse the action of ten members of the congregation who purchased six lots on the corner of Sixth avenue and Second street east, behind the Ranchman's club, for \$20,000. Though it is not definitely decided, it is understood that the congregation will build a church upon these lots if the present church property is disposed of.

MASONIC NOTICE.

All brethren of the Masonic Lodges in Edmonton are requested to meet at the lodge room at one o'clock Monday for the purpose of attending the funeral of Brother R. G. Anderson, 517 Sunbird street.

H. DARLING, W. M.

A store's ads. are a part of a store's service to the public—perhaps the one part of it which saves most of your time and money.

A store which advertises only occasionally justifies the inference that it is only occasionally that it has anything to advertise.

Our prices are a tonic for an over-worked purse. Try Mac.

Personal

Judge Noel left for Ambleside Landing this morning to hold court.

F. A. Hilliard, of the Dominion Life Insurance Co., has returned from an extended trip to Ontario.

Dr. J. H. Richardson, the oldest doctor in Toronto, who died last week, was the father of Dr. W. A. Richardson, who is a member of the medical staff of the G. T. P. west of Edmonton.

Thos. Russell, for several years chief mining engineer of the McKenzie-Main outfit, has resigned his position to take the position of manager of a large colliery at Nanaimo on Vancouver Island. It was Mr. Russell who located the Bracken coal fields and gold of the Vancouver coal properties for the C.N.R.

Word has reached Edmonton that J. Allen Baker, M.P. of London, Eng. who was recently a visitor in this city, has been re-elected Liberal member for East Finchley by a handsome majority. Mr. Baker is a Canadian by birth, having spent his early days on a farm at Trenton, Ont. He is a first cousin of Mrs. W. R. Pearce, 1125 Victoria avenue.

Hon. P. E. Lessard, minister without portfolio, while in Ottawa is attending the Conservation of Resources convention which is being held this week. Delegates appointed to the convention are representatives of Alberta, were Premier, Rutherford and Dr. Tracy. They were unable to go on account of the U.F.A. convention and requested Hon. Mr. Lessard to act in their stead.

The Rhodes scholarship committee for Saskatchewan consisting of Lieutenant-Governor Forget, President Murray and Chief Justice Wetmore met in Regina on Monday last and from the seven applications selected Douglas Fraser, of Qu'Appelle, a third year under-graduate in the department of history at Toronto University. This selection was made in accordance with an understanding arrived at to select the scholar alternately from the provinces of Alberta and Saskatchewan.

The Winnipeg Free Press says: A very considerable honor has been recently paid to an old Winnipeg boy, in the person of Charles Edgar Darby, who has been appointed to the important position of manager of R. G. Den and McCannell Agency in Edmonton, one of the most vital points in the company's system. It is interesting to note that the present is the first managerial post to be given to a western man, as hitherto they have been filled from the head office in Toronto.

Mr. Darby's promotion is the result of seven years' faithful service in the company's employ in Winnipeg, and while regretting his leaving the city in which he has played a worthy part among his compatriots, his large circle of friends will extend him hearty congratulations at this recognition of his ability and worth. Mr. Darby is a born and bred Winnipeg boy, being the son of the late J. W. E. Darby, assistant agent of Dominion lands, and a nephew of the late Chief Justice Kilham.

Homesteader Burned to Death.

Moose Jaw, Jan. 22.—Word has just reached the city of the horrible death of Martin Rack, who was burned to a crisp in a homesteader's shack south of Moose Jaw, in the district known as "The Gap." Rack was in the city a few days ago on legal business and his brother came to town today and reported that he had gone to Martin's homestead and found the shack burned to the ground and only the charred remains of his brother left.

THE POSITION OF THE BOARD
(Continued from Page One.)

tion at heart will grudge having paid \$5 to so worthy a cause.

I wish to say in conclusion that I believe that at every step the board has acted in what they consider to be the best interests of the hospital, and it is difficult to see what other motive than its welfare could prompt their actions. They have rendered their services gratuitously and assumed responsibilities which are by no means small. I am confident that there is not a member that would desire to hold his position for a single day after he had lost the confidence of the public, and I am also confident that they will be glad to see at the council chambers on Monday all who have the interests of the City Hospital at heart.

Yours truly,

K. W. MacKENZIE,
Vice-President, City Hospital

MUST KEEP BOOKS

A Teller Fined in Ontario for Failing to Have Satisfactory Accounts

Toronto, Jan. 21.—"Everyone is guilty of an indictable offence, and liable to a fine of eight hundred dollars and to one year's imprisonment, when being a trader and indebted to an amount exceeding one thousand dollars, is unable to pay his creditors in full, and has not, for five years, next before such inability, kept such books of account as, according to the usual course of any trade or business in which he may have been engaged, are necessary to exhibit or explain his transactions, unless he be able to account for his losses to the satisfaction of the court or judge, and to show that the absence of such books was not intended to defraud his creditors."

"So far as I know, this is the first conviction in Canada, and probably in the world," said County Crown Attorney Baird, when Judge Denison had convicted Edward McCormack, tailor, of Colborne street, under section 417 of the Criminal Code as quoted above.

The judge dismissed the other charges against McCormack, which were false pretences and fraudulent transfer of property in order to defraud creditors.

McCormack has bought goods from Montgomery Bros. & Co. in 1908 and 1909.

"He represented that he was not indebted to anyone except themselves," said Judge Denison. "I find that representation untrue, and I also find that it was known to the prisoner to be untrue."

"But the Crown must go farther than that. It must show that the representation was with fraudulent intent to induce the firm to an upon it. Montgomery Bros. did not part with any goods through acting upon that misrepresentation. In fact the indebtedness of the prisoner was not increased, but was reduced."

"And as there is no evidence that the prisoner disposed of property to defraud his creditors, that charge also must be dismissed."

Concerning the charge of not keeping books, Judge Denison said: "I think that that is abundantly proved. I find the prisoner admits enough to prove that. He has not to my satisfaction accounted for his losses in business."

"The result is, I convict Edward McCormack of not keeping books. 'I could fine him \$800 and give him one year's imprisonment, but I think that justice can be done in this case by imposing a fine of \$50. He will have a couple of days to pay it.'"

"My firm will guarantee the payment," said Mr. Robinson, who defended McCormack.

NOTICE!

NOTICE is hereby given that the Corporation of the City of Edmonton will apply to the Legislative Assembly of the Province of Alberta at the next session thereof to further amend the Edmonton Charter by extending the hours during which the polls may be kept open at municipal elections and voting on referred by-laws and for better preventing the obstruction of polls and the display of banners, etc. on polling days; by allowing the Corporation to impose continuing penalties for breaches of a continuing nature of its by-laws; by permitting the removal of buildings erected or maintained contrary to by-law; by providing that the necessary money by-laws need not be passed before commencing expropriation proceedings; by allowing a special frontage rate not exceeding to cents per linear foot to be imposed on lands on the line of waterworks, for the purpose of assisting in the payment of waterworks debentures; by providing for notice of action and limiting the time within which actions may be brought against the City; and for such other amendments as may be deemed advisable.

Dated at Edmonton this 20th day of December, 1909.

JOHN C. F. BOWN,
City Solicitor.

D. 21, J. 4, 18, F. 8.

THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

The voting on the money by-law for the high level bridge will take place on February 7th.

On Sunday evening the Burns' anniversary concert will be held in the opera house at 10:30. Proceeds in aid of the hospital.

The University final exams commence on Monday morning. They will conclude on February 4. After which the formal functions of the college will be held.

G. F. McNally, inspector of schools, arrived in the city yesterday. He will leave for Leduc on Sunday where he commences his work as inspector in Waskiauw district.

The Reading Club of the ladies of Strathcona will meet at the home of Mrs. J. C. Brown on Monday night. The study of Hamlet will be taken up.

On Sunday morning in the Metropolitan Methodist Church, Rev. A. G. Gordon will preach on the subject, "Man Must Bear His Own Burden." The evening subject will be "Absolom, the Fast Young Man—the Way of the Transgressor is Hard." A social hour of song will be held at the close of the evening service.

Wm. McKenzie, president of the C.N.R., in a recent visit to Strathcona announced that surveyors were already at work along the proposed branch and that the line would probably connect with Calgary late in the summer. He was not sure of having the line diverge towards Pigeon Lake but the matter would be carefully considered later.

Last night's hockey match between Varsity and Edmonton High School was won by the latter. This pure High School at the head of the Inter-collegiate League with three wins to

their credit. The final score was 6 to 7.

The teams were:
High School—Goal, May; point, Balcher; cover point, Fraser; rover, Dixon; centre, Goodrich; right, Tait; left, Anderson.
Varsity—Goal, Blayney; point, Dobson; cover, Rogers; rover, Beck; centre, Dixon; right, Brown; left, Rutherford.
Referee—Gauvreau.
Judge of play—J. Sutherland.
